Ladybug and Cat Noir Games

;

Welcome to the "Ladybug and Cat Noir Games" section. You can

get acquainted with the mysterious superheroine Ladybug and her partn

er Cat Noir, also known as Cat Noir. They have pretty romantic nicknames, haven

it they? In the daytime, they are the ordinary schoolchildren Mari

nette and Adrian. But at night, they become real heroes and guardians of

a Paris. There's one thing you should know. Neither Marinette nor Adrian

doesn't realize they are fighting against evil spirits side-by-s

ide in the {img} of Ladybug and Cat Noir. The most exciting thing is that Marine

tte is in love with Adrian in a real-life situation, but who doesn't

reciprocate her feelings? While Adrian, a.k.a. Cat Noir, has strong feelings

for Ladybug, who remains indifferent. But be sure, this love story w

ill have a happy ending.

;

You are going to help our young heroes resist the terrible H

awk Moth. He is trying to subdue humanity with the help of Akuma. Akumas are

dark spirits in the form of butterflies that turn people into supervilla

ins. But Cat Noir and Ladybug also have their spirits. In Marinette's

earrings lives Tikki the spirit of the power of luck. She gives the girl

the power of a superhero in times of danger. The spirit of Cat Noir l

ives in Adrian's ring and represents the power of failure. The po

wer of failure makes Adrian a Cat Noir and gives him the "Cataclysm"

superpower. Have fun with our heroes!
